Subject: RE: FW: Settled, Mined, and Left Behind

The plan was to tie this May 27th trip into another trip earlier that week in Idaho that involves many of the TU people and to do it while the congressional people are out of session. I don't know their schedules - Chris is coordinating that. Let me know if the 27th (not the 28th) is impossible for you and I will pass that along to Chris and Kira.

Ted

I will not be able to attend on May 28th. How about the first
week of June ?

trip - This may not be a very good way to alert you to a potential field
of AFC but I do want you to know about this potential congressional tour

are making the official contacts so there will be more info as
arrangements solidify or fall apart. The date of this tour is tentatively set
for May 27. Now for the fun part - we intend to not only visit
Pacific Mine to observe the work that has been done and still needs to be
completed, as well as the other sites reclaimed by the FS project, but also
intend to go into Mary Ellen Gulch to the Live Yankee and Globe Mines.
I have told TU headquarters that the way to see all this is by ATV.
Taking full sized 4-wheel drive vehicles into Mary Ellen is possible but
not adviseable - narrow and rough - I won't take my personal pickup
there. It is a good example though of the difficulties involved in many
of the abandoned mines in the west.
Sound If we get all these people involved it will be quite an outing.
interesting?
Ted

the I agree. Ted and I are scheming on a trip-tour of
good American Fork on May 27ish. It's still tentative, but could be
list of timing as Congress is out of session then. Here is a preliminary
free invitees that Kira and I came up with. Ted and Alan, please feel
to add-subtract as you see fit.

Cannon, Hatch, and Bennett DC staff

"" UT staff

Ted

Alan

Forest Supervisor

Jim Baker, Sundance (or is it Snowbird?)

District Ranger

Kennecott DC staff and local rep

Mike Kowalski (or rep), Tiffany & Co.

Kerry Anderson, True North Foundation

Carol Russell, EPA

Governor Leavitt
Governor Walker
Superintendent of Park (Monument)
me/Kira

like
Alan
in the
in the

It's a big list, but not everyone will attend. I'd also to invite the right Deseret News and SLT reporter (your call and Ted. I have a bias toward, and have worked with Tom Wharton past, but your call). That should ensure we whack it fairly well Utah paper.

Thoughts?

Chris

Subject: Good Sam State Legislative Resolution

For those of you who may not know, State Representative Andrew Romanoff and State Senator Ken Chlouber (the lead sponsors) have introduced a joint resolution urging Congress to address the issues associated with abandon mine cleanups and safety through a Good Sam permit and some form of funding. That resolution is HJR 04-1055. If you support this resolution, feel free to let these state Legislators (and others in the State General Assembly) know of your views.

Thanks.
